## **David Rankin joins Kane Environmental as Managing Director of Portland office**

SEATTLE – June 4, 2013 – Kane Environmental, Inc., a full-service environmental consulting firm, announced today it has hired David Rankin as Managing Director of its newly opened office in Portland, Oregon. Rankin is a licensed engineering geologist with over 25 years of experience as a program manager in Oregon. The Portland office will cover operations in Oregon, northern California, and southern Washington.

"We are fortunate to have someone of David's caliber join our team," says John Kane, President and CEO of Kane Environmental. "His high work ethic and extensive knowledge of environmental and geotechnical services will serve our customers well in the region."

Rankin will be attending the Northwest Environmental Business Council Conference on June 6, 2013 at the Greater Tacoma Convention & Trade Center in Tacoma, Washington. The theme for the conference is the re-use of contaminated land, transactions and technologies. Stop by the Kane Environmental booth to learn how the company can assist you with your environmental needs, now and in the future.

### **About Kane Environmental**

Founded in 2000, Kane Environmental delivers cost-effective, innovative, and comprehensive environmental solutions for customers nationwide. Kane Environmental provides services such as environmental site assessments, soil and groundwater remediation, and geotechnical services, creating opportunities for investment and growth in the communities where it operates. Headquartered in Seattle, Kane Environmental has offices in Portland and San Francisco, and nationwide project experience in 23 states.
